(909) 532-1699 – david@salyer.xyz

PROFESSIONAL EXPERIENCE

GAMESTOP *Console, Collectable, and Video Game Sales* April 2018 – Present
Senior Guest Advisor Corona, CA / Norco, CA

Video game sales, marketing turnovers, product trade-ins and returns, inventory checks, taking in and managing stock of new product, as well as sending product between regional stores, handling opening and closing procedures, and cash counts.

ROOM441 *Website Design and Hosting* May 2015 – Present
Self-Employed

Design and host websites for a number of applications. Dealt with client demands, and revisions, and strive towards delivering a final product to meet specifications within the time-frame. (Sites range from raw HTML, to WordPress, to custom designed templates, and a custom built PHP CMS.)

LINKU SYSTEMS *Real Estate Web Design and Marketing* September 2014 – April 2018
Lead Technical Support Representative Corona, CA / Riverside, CA

Answered calls, opened requests, dealt with both customer inquiries and complaints, resolved problems from broken website components, and dealt with account billing.

BASS PRO SHOPS *Outdoor World* November 2013 – January 2015
Special Events Rancho Cucamonga, CA

Worked on call for special events, selling photo packages, repairing any issues with on-floor games, operating a carousel, working line control, apparel, and assisting in miscellaneous restocking.

BACK TO BASICS *Tutoring Program* August 2011 – December 2011
Tutor Volunteer Rancho Cucamonga, CA

Tutored small groups of 2nd to 5th grade children in reading and writing.

DINNERS DIVINE *Dinner Preparation Studio* May 2007 – September 2008
Kitchen Assistant Rancho Cucamonga, CA

Washed dishes, as well as prepared and packaged foods upon delivery for customer purchase.

EDUCATION

CHAFFEY COLLEGE, Alta Loma, CA June 2014
Graduated with Associates Degree in Social and Behavioral Science

LOS OSOS HIGH SCHOOL, Alta Loma, CA May 2011
Graduated with 4.0 GPA
Perfect Attendance Award for All Four Years

ACCOMPLISHMENTS

Automated a 45 minute website setup process into a 2 minute completely automated process, combining three different administrations across two different servers, using both ASP and PHP (at LinkU Systems)
Picked compatible parts for assembly and installation on more than a dozen computers
Re-purposed discarded Windows ME computer as an Ubuntu/Apache web server
Currently running LAMP server with VirtualHost, 20+ Sites and a CMS with permissions
